

THE WOOF! ROOF PROJECT

Supporting those who
have hearts bigger than
their homes.

"The Woof! Roof Project" is an initiative to build dog houses BY the people, FOR the people and collaborate with organizations that care about coexisting with and having compassion for animals, but we need to raise money to bring our vision to a reality.

THIS project will allow the community to come together to build at least 30 dog houses that protect dogs from the outdoor elements.

We are fortunate to be working with local Houston community, rescue organizations, student organizations and institutions who share the same goal in an effort to locate animal recipients who lack shelter from the outdoor elements.

Please be sure to drop off toys for kids and pets, dog food, cat food, cat litter, etc. Maybe next time YOU can build one too!

Upcoming Volunteer Event

Come Volunteer and enter to win a doghouse!
(Must be present to win.)

Date & Location

**Saturday,
December 14, 2019**
7am – 7pm

The Recovery Church
